

This discussion guide is for teachers whose class joined the *Michigan Virtual* Student AI Literacy webinar. Access the “[Student Guide to AI: 10 Tips for Success](#)” referenced in the webinar at <https://michiganvirtual.org/resources/guides/student-guide-ai/>

1. Was there anything that surprised you in the presentation?
2. What resonated with you in the webinar?
3. Are there any behaviors about using AI that you might change because of what you heard?
4. What kind of impact do you think AI will have on your future?
5. How might AI influence your education? Your work? Your life?
6. What questions do you still have about AI?

More Resources

You can find additional AI resources for students at the *Michigan Virtual* website. For a list of comprehensive AI videos for youth, hosted by teens, visit:
